

SUSTAINABILITY POLICY

As YAZICI Iron & Steel Industry and Tourism Trade Inc., we commit to:

- Meeting the environmental, health & safety, employee welfare and mental well-being, human rights, labour rights, and social and economic expectations of our local community and other stakeholders; and establishing and developing relationships through effective communication systems,
- Complying with legal and other obligations,
- Ensuring continuous improvement and building strong relationships with stakeholders by understanding their concerns, risks, and opportunities,
- Upholding ethical business practices and corporate governance principles,
- Supporting local sourcing and employment by adopting responsible resource management in the supply chain, and contributing to a diverse and sustainable local economy,
- Continuously reducing the environmental, social and economic impacts arising from raw materials, materials, and the transportation of personnel within our operations,
- Adhering to sustainability principles (inclusivity, integrity, responsible stewardship, and transparency).
